Hello, my name is Victoria Sherman, and I am attending BGSU this fall. I am fortunate enough to have attended a high school that offers College Credit Plus classes (CCP). During my high school career, I took CHM 110S Introduction to Chemistry through Edison State Community College. CHM 110S through Edison transfers over to CHEM 1000 at BGSU. This class is already being used to complete my BG Perspective Lab Science requirement. I am submitting this appeal in the hope to use CHEM 1000 to complete my Lab Science requirement for the College of Arts & Science. Thank you, and please reach out if you need any more information.
