

Assistant Professor in Actuarial Science

The Department of Mathematics & Statistics invites applications for a tenure-track Assistant Professor position with a start date of August 2025. This position will support the Actuarial Science program.

Minimum Qualifications: Doctoral degree in Actuarial Science, Statistics, Mathematics or a related field (e.g., Risk Management, Applied Statistics). ABD candidates are eligible to apply but must complete all doctoral degree requirements by the start date (August 2025). College-level teaching experience as a teaching assistant or instructor. Demonstrated scholarly work (viz., peer-reviewed journal publications, conference presentations, or dissertation work) in Actuarial Science, Risk Management, or a related area (e.g., Risk Analysis, Risk and Insurance).

Preferred Qualifications: Progress toward or attainment of professional actuarial credentials (e.g., ASA, ACAS, FSA, or FCAS). Experience as an instructor of record for Actuarial Science courses. Peer-reviewed publications in Actuarial Science, Risk Management, or a related area (e.g., Risk Analysis, Risk and Insurance). Experience seeking external research funding.

For a complete job description & instructions on how to apply for this position visit <https://www.schooljobs.com/careers/bgsu>.

The search committee will review applications until the position is filled; however, for best consideration, applications should be provided by December 31, 2024.

Background check required for employment. BGSU is an AA/EEO/Vet employer. We encourage applications from women, minorities, veterans, and persons with disabilities regardless of age, gender identity, genetic information, religion, or sexual orientation.
